

# LWW Health Library: Pediatrics

## Why LWW Health Library?

Designed to support foundational learning and clinical practice, LWW Health Libraries deliver trusted health science education and clinical content to residents, fellows, program directors, faculty, and clinicians through a single portal — providing interactive online access to essential textbooks, multimedia & imagery, real-life case studies, and quizzes.

**LWW Health Library: Pediatrics** supports fellows and residents in Pediatrics with a comprehensive and integrated set of content. All the core sub-specialties required for master in a curriculum are covered, making the product applicable for all core rotations, for rounds, Board prep, and exam prep.

**Unique and Timesaving  
Online Learning Package  
for Residents, Fellows,  
and Students**

## LWW Health Library: Pediatrics

### Features:

- 32 Lippincott® textbooks covering core topics and subspecialties
- More than 300 clinical videos depicting different clinical situations
- Over 2,200 multiple-choice Q&A to help track understanding of material
- Key textbooks include: *5 Minute Pediatric Consult*, *Neonatal and Pediatric Pharmacology: Therapeutics in Principle*, and *Fleisher & Ludwig's Pediatric Emergency Medicine*

## Key Features of Every LWW Health Library

- **Account personalization:** Save content to a 'My Health Library', access Health Library from any computer, and set up email alerts for when new content is added
- **Quizzing/Self-Assessment:** Create custom quizzes organized by topic, keep track of responses, and link to specific textbook content to help with remediation
- **Ovid MEDLINE® widget:** Instantly access primary literature from MEDLINE®; results include article previews
- **Advanced semantic search:** View results displayed by title, chapter, topic, and/or type of resource
- **Responsive design:** Browse content on your computer, tablet or smartphone with ease
  - **Self-directed learning:** Simple, intuitive navigation and individualized self-assessments give residents control over their progress and motivation to learn
  - **Sharing:** Much content, including technical videos, can be shared with colleagues and classmates
- **Print/save a chapter:** Download chapters via pdf, for easy access to content when offline — for note-taking or to print
- **Multimedia:** Access videos, images, Q&A, patient education handouts, and more
